

WHAT'S NEXT 2022!

Date: December 3, 2021, 1:30 to 6:30 pm

Venue: CPG, Centre de la photographie Genève

SPECTRUM – Photography in Switzerland and CPG call for your best/most interesting/ most special project in 2022!

We invite all photo institutions or organizations working with photography in Switzerland (museums, galleries, collections, archives, libraries, universities, etc.) as well all individual members of Spectrum (curators, critics, restorers, publisher etc.) to submit a unique, important, and exciting project that is on your programme for 2022. This can be an exhibition, archive project, publication, a research project, an event, an online presentation, or an educational project addressing photography in some way.

SPECTRUM will select the 20 most interesting projects from the submissions. The selected projects will be presented personally by each institution, by each individual member on **Friday, December 3, 2021, 1:30 to 6:30 pm at CPG, Genève.**

The presentations will include both image and text, and last precisely **7 minutes** each.

What's Next 2022! is to strengthen the network in the Swiss photography field and aims to promote an active dialogue about the activities taking place here. The event is public and addresses everyone interested in photography.

Submission deadline: November 5, 2021

A summary of the project is to submit by November 5, 2021. Please submit a brief description along with an image, to give us an impression of the project. Online submissions only: title and description of the project, max. 150 words (Word document for further use), 1 image (jpg.)

Please send your proposal to: **spectrum@photography-in-switzerland.ch**

We are looking forward to receiving projects!

With warm regards,

Danaé Panchaud

President, Spectrum – Photography in Switzerland

P.S.: The language of photography-in-switzerland.ch is English, the languages of What's Next 2022! are German, French, and English.
